

The Baltimore American Indian Center March 2007 Newsletter

Curriculum

This March's first half of learning is "Under the Big Top" in which the children will learn all about the circus life. The animals, the workers, the tricks and all the excitement. Our second half is "Windy March is Blowing" Our weather has been changing in some strange ways and we will discuss all the different ways we see it, from Our environment and surroundings, the changes in our clothing and the food we eat etc.

Birthdays

Darryl McNair 3/18

Alexsandro Portillo 3/21

Dalan Hill 3/26

Leonta Rone 3/27

St Patrick's Day Lunch and Party

Well, we didn't get a chance to have our Valentine's lunch and party so we will combine "Lucky at Love Luncheon" for all our parents and family members. We will have a small raffle for all parents who participate to see who is lucky. We will have the same menu as for our last party with some added extras. I know parents have signed up already for our V-Day party, if they still want to bring those goodies on March 16th, you still can :)

Cameras

The cameras are up and running and parents that want to access them can pay \$10.00 a week on your tuition or \$40 a month. Once you pay, you will get an access code. You do not have to use every week or every month, but I do need in writing with payment of when you would like service.

Closing

We deeply apologize for the closing of the school due to the water main break on Lombard St. We hope that nothing happens like this ever again and after receiving your statements, we hope that you can see the reflections that we have adjusted to your accounts.

Ms Alesha Leaving

Ms Alesha has decided to leave our little center and will be missed by all our teachers, children and parents as well. Please wish her well for her future endeavors!!!!!!!!!!!!!!

Field Trip

On March 23rd, we will take a trip to the Dental Museum of Maryland. February was National Dental Month and we discussed good oral hygiene with the children. Now they will get to have a fun day to learn how our teeth are important to us as children and all through our lives. Cost is \$10.00
